Car Park

Council to put sign up that there is a concealed entrance as people speeding along Wide way and can make it very dangerous to exit car park, Safer neighbourhood team to asked to come and make presence known to deter the speeding traffic.

3. Social Prescribing

MS explained what this was and group as whole agreed that this was a good idea and suggested that Wide Way join up with Commonsides. Group suggested ideas for those that were unable to do activities in early evening such as Lunchtime Walking Groups.

4. Workforce

MS informed group that Practice will be expanding and as a result of this the workforce will be growing so will be able to offer more services to patients. Also that we were expanding in population so need for extra space was definitely needed.

5. Priority Area

Group as a whole has suggested that one of our priority areas should be depression/anxiety among youths in this area and that the possibility of a resident psychotherapist be considered.

6. Chair

A new chair will need to be appointed for the PPG. MS has volunteered for the first few meetings but a Chair will be decided by the group within the next few meetings.

7. A.O.B – The group would like increased communication between the Practice and the patients, possibly a quarterly newsletter to update those who do not attend the Practice regularly what is happening.

Update of the registration forms to include email addresses as everyone checks emails on a daily basis.

PPG

It was suggested that some younger members be invited to join the PPG as they will have different view of the practice and may have different ideas. A preliminary meeting with the younger members first, so not to feel intimidated by the older members. Possible meet with the Youth council of the area to see if they will willing to join our PPG.

Meetings

Meetings are to be scheduled Bi-monthly.
